*Commissioner* —

Last week on **The Rachel Maddow Show**, **Rachel** had a segment on Louis DeJoy's plans for the Postal Service in the next 10 years. This guy is not only a crook but an idiot and has no business being in charge of the Postal Service. He needs to be removed at the earliest opportunity.

I am a retired postal worker with nearly 25 years service in California and Michigan and I am appalled at what has happened to the Postal Service since I left. I LOVED my job and felt I was making a real contribution to every day people. I took pride in my work and I would go back in a minute if that was even a possibility. Working for the Postal Service is one of the best jobs a person can have especially if she is a woman.

Rachel mentioned that as citizens we have until June 22nd to make our feelings known to the Postal Regulatory Commission and our Senators and Congressmen and women and that is what I am doing.

Please, please do what ever you can to stop this man and his travesty toward the United States Postal Service. Louis DeJoy needs to be ousted.

Thank you.

Sincerely,
